FERTILE LANDS AT LOW PRICES

Western Kansas and Eastern Colorado
Land Within the Reach of All.

As the country becomes more
thickly populated, and the prices
of really good farm land continue
to go higher, it becomes necessary
for men of moderate means,
who desire to own a farm of their
own, to follow the course of em-
pire, which it is said takes its
way westward.

Perhaps there is no more desir-
able land, at a low price, than
can be found in western Kansas
and Eastern Colorado. Realizing
that there was a demand for such
land, Mr. W. R. Pennington of
this city made an extended busi-
ness trip to that part of the coun-
try during July and personally
investigated the land that was to
be had at a reasonable price. He
finally decided that the soil, cli-
mate and abundant water supply,
taken in consideration with the
price, made the land about Syr-
acuse, Kansas, and Towner, Colo-
rado, about the best proposition
to offer to farmers and home-
seekers that could be found.

The firm of Pennington & Jones
of this city now are in a position
to offer the public 100,000 acres
of fine, rich, fertile land, deep
soil, at the very low price of
\$12.50 per acre, in tracts of 160
acres or more. The land is a cho-
colate loam, 52 inches deep, and
will produce as large crops of
wheat, corn, etc., as the bottom
lands of this state. It also pro-
duces three crops of alfalfa a
season and is particularly well
adapted to the production of po-
tatoes and vegetables. An abun-
dant of pure, soft water is found
at a depth of about 5 feet. The
annual rainfall is about the same
as in Missouri. If you are looking
for a location and want to buy
really desirable, productive land
at a low price investigate this
land.

Home seekers' excursions the
first and third Tuesdays of each
month. Round trip tickets from
Montgomery City, Mo., to Syra-
cuse, Kan., \$21.10.

A. C. MOORE'S ENDORSEMENT.

In regard to the land in west-
ern Kansas and eastern Colorado
Pennington & Jones have to sell,
I will say the land is a good
dark loam from 4 to 5 1-2 feet in
depth. The water is excellent and
can be had by drilling from 50
to 125 feet upon an average of
80 feet—so I was informed by the
oldest citizens of that country. I
think a young man or a man of
middle age could not do better
than to buy if he wants a farm of
his own. I saw some excellent
crops on that land. It is easy to
cultivate.

NATURE TELLS YOU

As Many A Montgomery City Read-
er Knows Too Well.

When the kidneys are sick,
Nature tells you all about it
The urine is nature's calendar
Infrequent or too frequent action
Any urinary trouble tells of kid-
ney ills.

Doan's Kidney Pills cure all
kidney ills.

People in this vicinity testify to
this.

Mrs. John Reeds, 1102 Harwood
St., Mexico, Mo., says: "I was
afflicted with kidney trouble, the
chief symptom being a bearing
down pain in my hips and loins.
The kidney secretions passed too
frequently, I could not rest well
and did not know what to do. At
last I procured a box of Doan's
Kidney pills. They gave me re-
lief at once and before I realized,
I was cured."

The above statement was given
in 1906 and was confirmed by Mrs.
Reeds on November 10, 1908 in the
following words: "Everything I
previously said about Doan's Kid-
ney Pills still holds good. I have
been free from kidney trouble dur-
ing the past two years."
